

TECHNICAL SPECIFICATIONS

- I. **BIDDER** : Service Provider
- II. **PROJECT TITLE** : Basic Life Support Knowledge Training and Skills in Malapascua Island, Cebu and Moaboal, Cebu

III. RATIONALE AND OBJECTIVES

Scuba diving tourism is a lucrative source of income, catering to local and international tourists. According to the preliminary data compiled by the Philippine Statistics Authority (PSA), tourism direct gross value added (TDGVA) accounted for 5.2% of gross domestic product (GDP) in 2021. The global market for diving tourism witnessed a growth of 30.1% in 2021 and it is predicted to continue to grow in the coming years.

As the Philippines continues to be hailed as Asia's Leading Dive Destination for four consecutive years, the Commission shall continue to play its role in formulating and implementing effective rules, regulations, safety standards, and operating procedures for the continued development and promotion of scuba diving in the country. Through the Commission's projects, the Commission can continue to create a greater impact and promote safe diving in every region and/or diving destination in the country.

Being an archipelagic country, the Philippines is the center of marine biodiversity. Most of the tourist destinations in the country offer water activities such as scuba diving, island hopping, snorkeling, windsurfing, and the like. Due to the large volume of tourists and the number of water activities, incidents involving water cannot be avoided. In line with the PCSSD's effort to continue to promote safe diving tourism, the PCSSD will continue its program in Basic Life Support Knowledge Training and Skills in order to provide immediate first-aid on site, as well as assisting medical emergencies.

In continuation of the Basic Life Support Knowledge Training and Skills from 2017, which was conducted in Balicasag Island, Bohol, Anilao, Batangas, Puerto Galera and other areas, the PCSSD will be conducting the said project in Malapascua Island, Cebu and Moalboal, Cebu on 16 to 20 and 20 to 24 November 2022, respectively. This project is targeting the local tourism employees, specifically the employees from the diving industry.

This project aims to:

- To train the participants in First Aid, Cardiopulmonary resuscitation (CPR), and Oxygen Administration procedures;
- To provide knowledge and skills in dealing with various life-threatening situations and dealing with minor accidents;
- Create awareness and provide knowledge on the use of necessary life-saving equipment and medical equipment available in the workplace and community; and
- To update the knowledge and skills of the participants in line with the new COVID-19 protocols.

IV. MINIMUM REQUIREMENTS

- A. Must be accredited by the DOT;
- B. Must be willing to provide services on send-bill arrangement; and
- C. Must be registered with the Philippine Government Electronic Procurement System (PHILGEPS).

V. SCOPE OF WORK

A service provider that will be in charge of the following:

LOT	DATE	LOCATION	BUDGET	SOURCE OF FUND
1	16 to 20 November 2022	Malapascua Island, Daanbantayan, Cebu	₱ 495,526.00	2021 Continuing GAA

A. ACCOMMODATION WITH BREAKFAST

Check In	16 November 2022
Check Out	20 November 2022
Number of Room	Three (3) Single Room
Location	Malapascua Island, Daanbantayan, Cebu

NOTE: Please refer to the Purchase Request for the breakdown of amount

B. TRANSPORTATION (LAND AND BOAT TRANSFER)

DATE	NUMBER OF PAX	ROUTES
16 November 2022	4 pax	One (1) Land Transfer from Mactan Cebu International Airport to DOT VII Regional Office to Maya Port Cebu
	4 pax	One (1) Boat Transfer from Maya Port Cebu to venue/resort
20 November 2022	4 pax	One (1) Boat Transfer from venue/resort to Maya Port Cebu
	4 pax	One (1) Land Transfer from Maya Port Cebu to Moalboal, Cebu (venue/resort)
	3 pax	One (1) Land Transfer from Mactan Cebu International Airport to Moalboal, Cebu (venue/resort)
