Background

Under the Philippine Development Plan 2011-2016, the government is tasked to formulate a comprehensive national industrial strategy that shall identify opportunities, coordinate, promote growth by forward and backward linkages in priority areas and high-potential growth sectors, and prepare other industries to attract investments and generate jobs.

Meetings, Incentives, Conventions and Exhibitions (MICE) is a tourism sector that provides a significant contribution to economic growth through revenue generation (tourism receipts) and job creation. A roadmap for the Philippine MICE Industry aims to give direction to the industry by positioning the country as a top MICE destination in the ASEAN and the global market.

The development of the Philippine MICE Industry Roadmap is a project initiated by the Philippine Association of Convention/ Exhibition Organizers and Suppliers Inc. (PACEOS), with the assistance of the Department of Tourism (DOT) and the Department of Trade and Industry-Board of Investments (DTI-B01).

Upon its completion, the MICE Roadmap was presented to the stakeholders from different fields, such as the trade and tourism industries, national government agencies, and mass media during the Trade and Industry Development (TID) Updates of the DTI-B01 held in November 2017, and was subsequently launched last 18 January 2018. To date, the roadmap is currently on its pre-implementation phase. As an identified priority action plan, there is a need to create a Technical Working Group who shall oversee and steer the implementation of the roadmap.

On 21 March 2018, a MICE Roadmap Implementation Meeting shall be held to provide relevant agencies/ organizations further information on the MICE Roadmap and to solicit their inputs and support on the creation of the MICE Roadmap Technical Working Group.
