Description

TERMS OF REFERENCE I. PROJECT DESCRIPTION

The project aims to engage the services of a Consultant to assist the agency in complying with the requirements of the Data Privacy Act by assessing the agency's processes, systems, technology, and other information systems that may be deemed vulnerable and may contribute risk to the implementation of data protection and security. The project will involve the establishment of a Privacy Management Program, the creation of a Data Privacy Manual as well as the provision of capacity training and seminars, documentation, risk assessment, and recommendation that will improve the agency's security and protection.

II. OBJECTIVES

This project aims the following:

1. To establish policy, guidelines, and standards to govern the Data Privacy Governance
2. To assess and make necessary recommendations on the existing system of the agency particularly on the systems and processes involving data collection
3. To formulate a Data Privacy Manual
4. To ensure compliance with applicable laws and regulations on data privacy

III. SCOPE OF WORK/SERVICES

Scope of Works/Services Description /Output

- 1 Kick-off Meeting, presentation of Project Management Implementation Plan Provide an Implementation Plan on how to accomplish the project, which includes process, timelines and outputs
- 2 Establishment of a Data Privacy Management Program Must provide technical assistance in the formulation of Data Privacy Management Program compliant with the Data Privacy Act
- 3 Evaluation and assessment of the current systems involving data collection vis-à-vis its compliance with the Data Privacy Act Must assess and evaluate the procedures, personal data collected, and system being used by the agency

Provide recommendations to enhance data protection and security of the systems and procedures
Identification of Company's Data Processing and Life Cycle, Inventory of Data Processing Activities
4 Facilitate the conduct of Data Privacy Awareness through orientation, training, seminars Conduct Awareness Seminar Program to DOT employees
5 Conduct of Privacy Impact Assessment, Formulation and Approval of PIA Report Must be able to accomplish and/or improve the organization's existing Personal Data Inventory

Assess the Data Processing Systems of the agency and provide recommendation to make it compliant with the Data Privacy Act

Preparation of inventory of personal data

6 Registration of Data Processing Systems Provide guidance and assist in the drafting of the required documents for the registration of data processing systems

7 Creation of Data Privacy Manual, Management Procedures, and Privacy Data Protection Measures Must be able to formulate a Data Privacy Manual appropriate for the agency

Roll-out of the Data Privacy Manual

Formulation of Breach Management Procedures

Formulation of Privacy Data Protection Measures
