The first quarter of the year 2020 is the start of the period of great lost. Majority of establishments stopped operation. Unprepared of the circumstances, the workers of the tourism industry, just like the other businesses lost their jobs and based on reported data, about five Million were tourism industry workers.

Upon the issuance of Republic Act No. 11469 (Bayanihan to Heal As One Act) cash assistance were distributed to those who lost their jobs, in the second quarter of 2020, however, tourism industry workers were not included among the list of beneficiaries. Workers of the industry were already crying for support as they were tremendously affected and have felt to be the sector of least priority.

In the interest of the welfare of the tourism workers, the Department of Tourism along with other concerned government agencies endorsed the plea of the workers and tourism enterprises for support from the government which was considered upon the issuance of Republic Act 11494 (Bayanihan to Recover as One Act)

The Department of Tourism then immediately organized a team to handle the processing of the assistance to the displaced tourism industry workers nationwide. Among the activities implemented to reached all beneficiaries were orientation on the eligibility requirements for the cash assistance program participated by local government units (LGUs) and tourism stakeholders owners and workers and grant of loans for Medium, small and micro tourism

enterprises. Constant coordination with LGUs were also established.

Likewise, she wishes to meet the beneficiaries of the program to assure them of the Department's support even during crisis.

Moreover, the Secretary included among the program activities a dialogue with the LGU's and tourism stakeholders and associations which aim to improve the cash access assistance of tourism workers and simultaneously discuss recovery programs of the LGU's projecting the easing of quarantine situation of the National Capital Region and other areas by March 2021.
